

THE QUEEN CHARLOTTE GIN MENU

The true **heart and soul** of what we do here at the Queen Charlotte can be found within our gin list. Whether you're a fan of the more classic London Dry gins to the sweet and fruitier varieties (and everything in between) we have the gin for you!

We also have a wonderful selection of Fever tree tonics which we will be happy to recommend to accompany. Don't like tonic? Fret not! We have a fabulous selection of other mixers such as fruit sodas, ginger ales, or lemonades and we will be happy to recommend a gin to go with your preferred mixer.

If you're feeling really cheeky – why not add half a shot of gin liqueur to a glass of prosecco? One thing we really do believe ... everyone does like gin – you just might not have met the right one yet!
